

**MARBLE ARMS**<sup>®</sup>  
THE LEADER IN IRON GUN SIGHTS

## **Marble Arms<sup>®</sup> 3rd Generation Game Getter Gun Game-Getter Gun Update (October 2009)**

The gun industry is still moving strong which means we are manufacturing a lot of gun sights. Our commitment to our gun sight customers has taken up every person and hour we have for machining, research and development of new products. This positive impact on our gun sight business has delayed the development of the Game-Getter Gun. We continue to move forward with the project but it is not at the pace that we originally projected.

With all this said, we are pushing out the introduction of the new Game-Getter to the 2010 Shot Show that will be held in Las Vegas on January 16th, 2010. We will continue to compile an updated list on our website so everyone will be contacted when orders are ready to be taken.

The new Game-Getter Gun will have an adjustable folding rear sight, windage adjustable rear sight, holster, and will be delivered in a wood box replicating the original. When we start accepting orders for the guns in 2010. We will be requesting a 50% deposit and at that time you will be given your serial number.

I appreciate all of your interest and your patience. We want to insure this gun is made to the same level of quality Marble's has been respected for the last 116 years.

Thank you,  
Craig Lauerman,  
President Marble Arms
